

NOVEMBER 30TH AGE-FRIENDLY COMMUNITY FORUM

Dr. Caitlin Coyle from UMass Boston will be facilitating an open discussion with residents about how to make Watertown more age-friendly. Please **JOIN US** to share your experiences and ideas!

AARP Massachusetts, working in collaboration with communities across the state, is bringing people together and providing resources and expertise to help make Massachusetts counties, towns and cities great places to live for all ages. Massachusetts grants augmented AARP's nationwide Livable Communities Community Challenge grant program which was open to 501(C) (3) and 501(C) (4) non-profits and government entities.

This project is funded by a 2017 AARP Livable Communities grant.

Tell us what you value about the community!
